

E 609 silver

Super-cardioid silver instrument microphone designed for miking guitar cabs face-on and extremely close to the source. Provides isolation from other onstage signals. Also suitable for miking drums, especially toms.

Overview

The rugged workhorse with a practical shape.

The super-cardioid e 609 silver instrument microphone has been specially developed for miking guitar cabs face on and extremely close to the signal source.

Features

- Rugged metal body
- Advanced shock-mount design
- Super-cardioid pick-up pattern
- Hum compensating coil
- Made in Germany

Technical Data

- Dimensions - 55 x 34 x 134 mm
- Connector - XLR-3
- Frequency response (microphone) - 40.....15000 Hz
- Transducer principle (Microphone) - dynamic
- Weight - 140 g
- Pick-up pattern - super-cardioid
- Sensitivity in free field, no load (1kHz) - 1,5 mV/Pa
- Nominal impedance - 350 Ohm
- Min. terminating impedance - 1000 Ohm
