

## SUBWOOFER RH-STS SUB 18RR

### Powerful 18 inch Subwoofer

Provides high-impact (126 dB at 32Hz) sub-bass performance (1000W AES)

### Large Horn Loaded Vent

Minimizes air turbulence and improves linearity at high output levels.

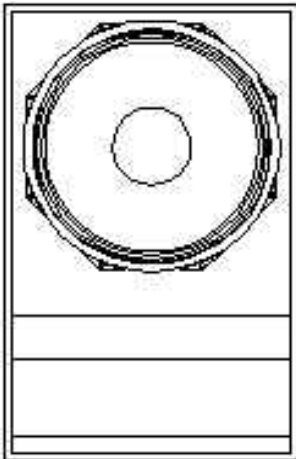

### Heavy Duty Enclosure

The STS SUB 18RR enclosure is ruggedly constructed from durable 13-ply cross-laminate hardwood to withstand the abuse it will receive in portable applications. The enclosure is heavily braced and lined with fibreglass to suppress resonances and eliminate rattles, thus assuring low-distortion, high-level performance. A heavy perforated steel grille with moisture resistant foam backing is provided to protect the woofer from physical damage.

### Powerful 18 inch Subwoofer

The STS SUB 18RR was developed for high level entertainment applications that require the visceral impact obtainable only from 18" subwoofers. Its skilful design and powerful 1000 watt woofer enable the STS SUB 18RR to outperform most dual 18" subwoofers. The STS SUB 18RR features a large horn loaded vent that reduces air turbulence to an absolute minimum while assuring excellent linearity even at high signal levels. It offers unparalleled bass performance from a compact cabinet roughly one half the size of a conventional dual 18" subs.

<b>SENSITIVITY:</b>	97dB (1w/1m) @ 50Hz
<b>MAXIMUM SPL:</b>	132dB
<b>FREQ. RESPONSE:</b>	32Hz to 80Hz
<b>LOW DRIVER:</b>	18" Woofer, 8Ω; 1000W AES
<b>ENCLOSURE:</b>	13 ply hardwood, heavily braced
<b>GRILLE:</b>	Perforated metal grille with moisture resistant foam insert
<b>CONNECTOR:</b>	8-pin Neutrik
<b>FINISH:</b>	Black carpet
<b>AEROQUIP TRACK:</b>	no
<b>HARDWARE:</b>	Handles
<b>DIMENSIONS:</b>	32.5"H x 21"W x 23.75"D (82.6cm x 53.3cm x 60.3cm)
<b>NET WEIGHT:</b>	114.6 Lbs. (52.6 Kg)
